Completion of this form shall serve to notify the Motion Picture Industry Pension Plan ("Pension Plan") and Motion Picture Industry Account Plan ("IAP") (collectively "the Plans") that I will resume work in the motion picture industry (the "Industry") on the above-referenced Re-employment Start Date.

I understand that:

- If I accept work ("re-employment") in the Industry during the first two calendar months of my retirement, distribution of my IAP benefit will be deferred and my monthly Pension Plan payments will be suspended until I have completed two consecutive calendar months during which no Industry work was performed.
- The Pension Plan permits re-employment in the Industry following the first two months of retirement, provided my work hours do not exceed 40 for any given Payroll Month*.
- Re-employment for 40 or more hours in a Payroll Month will cause suspension of my monthly Pension Plan payments (this is referred to as a Month of Suspendible Service).
- In order to recommence my monthly Pension Plan payments, I must submit an *End of Re-employment Notification Form* **after** my period of re-employment has ended.
- Monthly Pension Plan payments will typically resume within 90 days after the date the Pension Plan has verified I have stopped working in the Industry (i.e., two consecutive Non-Suspendible months).
- My monthly pension payment will be re-evaluated for any adjustments necessary as well as any overpayments or underpayments during my period of re-employment.
- The Plans have a fiduciary responsibility to recover any overpayments resulting from my period of re-employment.
- If I retired with an Unreduced Early Retirement Pension, re-employment for 400 or more hours in any Computation Year**, prior to reaching age 65, will cause forfeiture of my monthly Pension Plan benefits until the month following my 65th birthday.

ACKNOWLEDGEMENT

In signing this Re-employment Notification Form, I acknowledge that I understand returning to work in the Industry for 40 or more Credited Hours in a Payroll Month following my retirement will affect my monthly Pension Plan benefit. I also understand that I am responsible for reimbursing the Pension Plan for any overpayments that occur due to re-employment.
